

Grooming price schedule

Effective 4 October 2026 | All prices include VAT

One client at a time. Your dog, or dogs from your household, will be the only dogs in the salon during your appointment. We allow individual attention, settling time and comfort breaks, with no dryer cabinets.

Crossbreeds and coat types

Starting prices for a maintained coat. Small: up to 10 kg; medium: over 10-20 kg; large: over 20-35 kg. Actual size, coat, requested style and appointment needs determine the individual quote. Dogs over 35 kg and exceptional coats require advance assessment. Very large or exceptionally heavy double and wool coats start from £120, with acceptance and the final price agreed after assessment. Great Danes are welcome subject to safe handling.

Service	Small	Medium	Large
Full groom - straight / silky haircut coat	£65	£70	£85
Full groom - curly / wool / doodle coat	£65	£75	£90
Short / smooth bath, brush or deshed	£45	£50	£60
Double-coat deshed and appropriate tidy	£60	£75	£90
Bath and brush-out - long / curly coat	£40	£45	£55
Bath and face, feet and hygiene tidy	£50	£60	£70

Bath and brush-out between full grooms

Bath and brush-out is available for doodles, Bichons and other fluffy, long or curly coats. Ideally book halfway between full grooms, especially if home brushing is difficult. It includes bathing, drying, brushing and combing, with no haircut, substantial mat removal or heavy undercoat removal. It supports, rather than replaces, the recommended home-care routine.

Your quote

We agree the service and price before work. Any additional work and maximum extra charge must be agreed in advance. Existing agreed quotes and active contracted prices are honoured; these prices apply to new quotes and newly agreed schedules. Routine nail care is included in a full groom.

Over eight weeks since the last groom: £10 per dog for coat-care appointments, covering the first ten additional coat-work minutes. Further agreed extra work is £1 per minute, with no double charging. See the care and charging policy on page 20.

Introductions and extras

A free first conversation

Book a free 30-minute consultation and salon tour to meet your groomer, see the space and discuss your dog. This is separate from a paid practical introductory or grooming session.

Service	Price including VAT
Puppy introduction - up to 30 minutes	£30; familiarisation, no promised full haircut
Puppy bath and introduction	From £40
Nervous-dog acclimatisation - approximately 30 minutes	From £30 per session; programme quoted after consultation
Nail clip only	£15
Pedicure - tidy long foot hair, clip pads and trim nails, tidy between toes and apply suitable paw balm where appropriate, including Springers	£20
Anal gland expression - only where there are no signs of pain, inflammation, infection or impaction; suspected problems require veterinary attention	£15
Standalone paw and hygiene tidy	From £20

Care suited to your dog

We are pet-dog groomers offering breed-standard styling and practical pet trims. Scissors are used for refinement only. We do not offer hand stripping or scissoring an entire wool coat. Puppy and nervous-dog sessions build familiarity at a comfortable pace. A full groom is a goal where suitable, not a guaranteed outcome of any fixed number of visits. Programmes and any daycare element are individually agreed and subject to assessment.

Plans and VIP appointments

A grooming plan gives 10% off its agreed annual schedule, paid across 12 months. For example, 8 medium curly full grooms at £75 plus 8 bath-and-brush visits at £45 total £960; after 10% discount, £864 a year or £72 a month. Existing active agreements are honoured.

VIP membership covers the routine groom allowance in your agreement. Owners must brush, comb and maintain their dog's coat between visits. Additional work for tangles or matting, the overdue surcharge and parasite decontamination are charged separately, subject to existing discount entitlements and an agreed work limit. An included routine groom uses one allocation; its full price is not charged again.

A medium curly VIP groom included in the allowance, at eight weeks with 30 minutes of additional coat work, costs £30 in extras before any applicable discount. At nine weeks, this is itemised as £10 overdue plus £20 remaining coat work. The routine groom stays included.

Routine tooth brushing, eye, ear and skin-fold care are subject to suitability; these are not veterinary or dental treatment. We do not treat suspected painful, infected, inflamed or impacted anal glands.

Exceptionally heavy or contaminated coats require assessment before booking. Any additional work and exceptional cleaning must be specifically quoted and agreed in advance, without duplicating the same costs under coat-work or parasite charges. We may decline work beyond safe salon capacity.

Early drop-off and late collection are care arrangements, not extra grooming time or an automatic daily entitlement. They must preserve our one-household-at-a-time salon service. The full programme quote identifies any daycare element separately.

Humanity over vanity

Over eight weeks since the last groom

When more than eight weeks have passed since the last groom, a £10 surcharge per dog applies to coat-care appointments. It covers the first ten minutes of additional coat work; further agreed time is £1 per minute. Exactly eight weeks attracts no surcharge. We explain the charge before booking and record any agreed exception. We do not charge twice for the same work.

Matting and welfare clips

Humanity over vanity, every time. Loose everyday tangles are included in normal brushing. Additional coat work costs £1 per minute (£15 per 15 minutes) for actual extra time within an agreed cap, after the ten-minute allowance where the overdue surcharge applies. Tight or widespread matting requires a welfare clip, not painful brushing to preserve length. We may stop or recommend veterinary care.

Extra detangling is limited to small, loose areas and no more than ten comfortable minutes, stopping sooner if your dog is uncomfortable. Paying for time does not override this limit. Slow, careful mat removal can take longer than a maintained-coat groom.

We agree the clipping areas, likely length and maximum extra charge, and itemise actual extra time. No duplicate blade or shave-down fee applies. Example: medium curly full groom £75, nine weeks since the last groom and 30 additional minutes = £75 + £10 overdue + £20 remaining work = £105 including VAT.

If the plan or cap needs to change, we contact you first. If you cannot be reached, we stop at a safe point unless urgent action is reasonably necessary for welfare. We may recommend staged care or a vet; the salon does not provide sedation.

Parasites - fixed £25 surcharge

If external parasites require extra salon decontamination, a fixed £25 surcharge applies per affected visit, including VAT. It covers extra cleaning and appropriate environmental pest treatment. The groom may stop, prompt collection may be required and later appointments may be rearranged. Tell us before attending if you suspect parasites; we may postpone the groom and require appropriate treatment before return. This covers the salon, not veterinary treatment for your dog.

The £25 charge is separate from grooming supplied; it is not an automatic charge for the rest of the day's cancelled appointments. Further recoverable loss must be lawful, reasonable and evidenced, without double recovery. Existing agreed quotes and contracted prices are honoured. Consumer rights remain unaffected.

Consent and fair charges

Close clipping can reveal hidden soreness and carries a risk of irritation or minor nicks despite reasonable care. We explain the risks and record informed consent. If a groom stops, work supplied is charged on the agreed basis; any other recovery is limited by the applicable terms and consumer rights. Nothing excludes our duty to use reasonable care and skill or any liability that cannot lawfully be excluded.

Using this price guide

A guide for your individual dog

Prices include VAT and apply to new quotes from 4 October 2026. Newly listed breeds use the same salon pricing framework. Existing agreed quotes and active contracted prices are honoured. The price confirmed before work is the price for your dog, not an automatic fixed charge based only on a breed name.

Our service

One client household at a time: your dog or dogs will be the only dogs in the salon. We are pet-dog groomers offering breed-standard styling and practical pet trims. Scissors are for refinement only. No hand stripping or whole-wool-coat scissoring is offered.

Assessment before acceptance

Size alone does not prevent a booking. Great Danes are welcome subject to safe handling. Very large double or wool coats, substantial matting, foreign material in the coat and exceptional cleaning needs require assessment. The £120 starting guide for exceptionally heavy coats is not a cap. We agree the service, time, final quote and any extra-work limit before proceeding and may decline work beyond safe salon capacity.

Finding a breed

This list covers 230 entries in the Royal Kennel Club breed directory checked on 4 October 2026, plus additional pet breeds and common crossbreed names. It is not a claim to cover every breed or crossbreed worldwide. Coat variations and individual size take precedence. The categories describe the salon service and are not a formal breed or coat classification.
